

Crawford Parlor Stoves

Crawford "Parlor"

"Tropic" Crawford

Crawford "Wood Parlor"

"Crawford Parlor." A genuine indirect draft stove with full return flue; the smoke passes down between the firepot and the outside casing of the stove to a flue beneath the ashpan, thence up and out through the back smoke pipe to the chimney, giving more heat and burning less coal. The grate center slides forward for dumping. Large clinker door; wide, deep ashpan; dust damper; nickel rails removable. Four sizes.

"Tropic Crawford." With or without down draft back pipe. Draw center grate. Best stove made at the price. Nickel rails removable.

Crawford "Wood Parlor." In this new heating stove for wood the front door swings open to give the effect of a fire-place. By moving a slide in this door the fire can be seen without opening the door itself. The slide openings are protected by wire gauze. The main top swings to one side and underneath it is a large plate that lifts to admit large pieces of wood.

This stove is made in both direct and indirect draft styles. It is strongly made and very handsome. Three sizes, to burn 19, 22 or 25 inch lengths.

For Sale by C. W. AVERILL & CO., Barre Agents.

LEGISLATIVE NOTES

(Continued from first page.)

2380 of the public statutes in criminal practice by inserting the words "county jails," which will provide that when a person convicted of crime is committed to the house of correction or county jail the costs shall be paid out of the state treasury, instead of only those committed to the house of correction, as heretofore.

Mr. Miller of Bethel will introduce a bill next week providing for some minor changes in the practice of dentistry such as the calling of meetings, rules of practice and examinations. The changes are numerous, but of minor importance as far as the public at large is concerned.

The woman's suffrage bill is about ready to go to the House and will be presented by Mr. Cook of Lyndon, which is an amendment to the act of 1888 to section 68 of act 240, the only change being to strike out the word "male" in two places, making the act read "citizen" instead of "male citizen," and perhaps leaving a question for the courts to decide as to who is a citizen of Vermont.

The Senate committee on elections has to date had no matters brought to its attention regarding any contest. It is understood that there is a contest in Grand Isle county, where it is claimed that Senator Dodd was not elected, and a contest has been rumored by George Phelps, but when inquired of about the matter, the committee stated no protest had yet been made.

The committee on land taxes met Thursday afternoon and elected as their clerk Mr. Perry of Montpelier, while the committee on appropriation elected on the same afternoon as clerk Mr. Hendee of Pittsford.

Mr. Watson of St. Albans introduced a bill to-day to change act 224 of the act of 1888, regarding the holding of elections in the Universalist society. Under the change, the Universalist convention of Vermont and Quebec will be trustee for any bequests made to local parishes.

The bill introduced by Mr. Billings of Woodstock, which was ordered to a second reading Thursday, will affect, it is expected, 16 agricultural societies, which drew from about \$40 per fair to about \$900, according to a basis of an appropriation of \$5,000, which has been the amount heretofore. The sixteen are: Addison County Agricultural fair, Bradford Trotting association, Caledonia County fair, Dog River Valley fair, Franklin County fair, Lamotte Valley fair, Orleans County fair, Rutland County Agricultural fair, Valley Fair association, Washington Agricultural association, Western Vermont Agricultural society, Rutland Valley Industrial society, Springfield Agricultural association, Union Driving Park society, Union Agricultural society, Windsor County fair. Mr. Billings' bill appropriates just double what has been heretofore allowed by the state.

Mr. Gage of Weathersfield in explaining his resolution Thursday and its purpose, says that it is to avoid the trouble which occurred two years ago, when the mix-up happened in voting the payment of the men and ladies employed about the State House, and is intended to apply to all persons not members or those to whom pay has been previously voted by special resolutions during the session.

Senator Darling's bill, introduced as Senate bill No. 0, is for construction of a building at Randolph for use of the agricultural school and for equipping of the same.

Mr. Jose of Johnson has been transferred from the committee on manufactures to the committee on state schools, and Mr. Silloway of Elmore from state schools to manufactures, which was done with the mutual consent of the two members.

Prof. G. H. Perkins of Burlington, the state geologist, and A. F. Hawes of Burlington, state forester, were in the city Thursday looking after bills being drawn up, in which they are interested.

While the clerk of the House was correcting the list of residences in the House Thursday morning, Mr. Hale of Dover, upon being asked his address, stated it was East Forty-ninth street, and the clerk asked in what part of Montpelier the street was located, to which Mr. Hale replied he was thinking of New York.

Considerable amusement occurred in the House during joint assembly, when Mr. Dean of Baltimore, in which town there are but 16 votes, said he did not know Mr. Olney, who headed the justice ticket. Mr. Dean, asked for the other names on the ticket that he might place in nomination two names to fill the ticket. He said there being only 16 votes in the town, they did not suppose they needed more than three justices, but was told there the constitution provided that at least five be elected.

Ex-Gov. and Mrs. E. J. Ormsbee of Brandon have gone home after a few days in town.

INSANE ASYLUM INMATES SHOW AN INCREASE

According to the Report of the Institution at Waterbury—Interesting Statistics by Supt. Grout.

The biennial report, the 13th, of the trustees of the Vermont state hospital for the insane, just issued, states that another building is needed at the institution, in addition to the \$20,000 ward for the criminal insane.

There is now an excess of women and it will be necessary to send a part of them to Brattleboro or build additional buildings. The trustees recommend a building for the female side similar to the one just completed and ask an appropriation of \$25,000. Another necessity is a green house, calling for \$5,000. The average number of patients the last two years is larger than during any other biennial period.

The report of Superintendent Don D. Grout, M. D., is of particular interest. Patients in hospital July 1, 1910, were 588, 300 men and 288 women; admitted within the period, 170 men, 111 women, whole number of cases: men, 470, women, 399; discharged, within the period as recovered at time of leaving hospital, men, 19, women, 13; as much improved, men, 10, women, 6; as unimproved, men, 16; women, 10; as not insane, men, 10; women, 2; deaths, men, 72; women, 49; eloped, men, 3; patients remaining July 1, 1912, men, 322; women, 390; total, 622.

Supported as state patients, men, 290; women, 240; supported as private and part-pay patients, men, 31; women, 49; number different persons admitted, men, 106; women, 106; number of those recovered, men, 13; women, 7.

Dr. Grout calls attention to the fact that the number increases. The daily

average for the term ending June 30, 1900 was 513 and for 1908, 550, 1910, 578, 1912, 624, an increase of about 15 per cent. in six years.

Dr. Grout says: "The inference would be that there had been alarming increase of insanity in Vermont. That is not the case. I doubt if there has been material increase during the half century. Since the opening of the hospital in 1891, 2800 persons have been admitted including readmissions, 1,571 discharged, 667 have died, 104 transferred and 6022 remain in hospital. Vermont is small. It would be impractical to have separate institutions for epileptics, violent imbeciles, chronic demented cases, inebriates and drug addicts, insane convicts and criminals. Consequently they are all sent here. Another cause of apparent increase is the large number of senile cases sent here. 'Dangerous imbeciles' come in large numbers and should come. They are dangerous to morals as well as life and property. Governor Mead's idea for the sterilization of these degenerates should be endorsed by legal enactment.

The crux of the whole problem of degeneration lies in the segregation of big grade imbeciles, chiefly those of the female sex.

Regarding inebriates, dipsomaniacs and drug addicts, 34 cases have been sent here, 26 men and 8 women. Fewer alcoholic cases relapse than drug cases but a majority of both do so. Many of these cases are of material assistance in the work of the hospital.

The admission in the term were 281, 38 less than during the previous period.

Insanity is closely associated with ill health and good can be done a disordered mind directly through the influence of a healthy body on brain functions. Mental overwork unaccompanied by anxiety seldom leads to mental disorders. Excessive indulgence in alcohol, drugs and patent medicines is an exciting cause. Syphilis is the cause of many admissions and always ends in death. There is no truth in the claim that more farmers' wives become insane than those following other work. There have been admitted from towns with less than 1,000 population, 6.8 per population, towns having from 1,000 to 2,000, 8.5 per 1,000; towns having 2,000 to 3,000, 7.1 per 1,000; towns and cities having over 3,000, 10.3 per 1,000. This includes all classes.

Washington county admissions since the opening of the hospital are 10 to every 1,000 population. The city of Barre has the most cosmopolitan population in the state and sent to the hospital 8.5 per 1,000 while Vergennes has 11.3, Middlebury 11.2, Burlington 11.1.

There is not sufficient room for female patients; no ward for contagious cases and no proper quarters for tubercular cases.

There was the largest number of admissions from Washington county, 62, 38 men and 24 women. Of the 281 admissions, 180 were born in Vermont, 33 in Canada, 13 in New Hampshire. Of the number 117 were single, 124 married, 63 men and 61 women, 27 widowed, 8 men, 19 women, 12 divorced, and one unknown. As to occupations, 61 are reported as having none, 34 laborers, 41 housewives, 31 farmers, 27 doing housework, 11 housekeepers, seven stenographers.

Of 32 alcoholic and drug cases, 12 were diagnosed morphinism. The age of patients admitted indicates that the larger number were admitted between the ages of 40 to 45, 39 cases, from 35 to 40, 25 cases; from 50 to 55, 32 cases; from 45 to 50, 27 cases.

Of 72 criminal cases, 2 were found insane. There were 10 observation cases.

See Eczema Vanish! See Blotches Go!

Costs You Only 25c to Try ZEMO and Prove What a Wonder It Really Is.

Apply a little ZEMO a few times on the eczema sores, that nothing else you have ever tried has benefited—and

In a few days those very sores will be gone—absolutely gone! There's no doubt about it, a trial of ZEMO proves it positively. There will not be a spot left, the skin will be as smooth and clear as though you never had eczema in your life. No remedy in recent years has enjoyed such a sale, because you can bank on it and everybody knows it that has tried it.

If you have dandruff, there's another chance to prove how wonderful ZEMO is. Dandruff is eczema of the scalp. That's why ZEMO positively stops it. To make it easy for any man or woman to prove that it will do in curing eczema, itching, inflamed or irritated skin, dandruff, blotches, pimples, cuts and sores, and to get a real surprise, your druggist will supply you with a 25-cent bottle. Then, when you have "seen for yourself" at small cost, get a 51 bottle which contains six times as much as the 25-cent bottle.

ZEMO is sold and guaranteed by druggists everywhere, and in Barre by the Red Cross Pharmacy.

FITS

respond immediately to the remarkable medicine that has for years been a standard treatment for these troubles—**\$2.00 Dr. Kline's Great Nerve Remedy**—especially for these diseases: it is not a cure-all, but it is a powerful effect on the nervous system. Druggists everywhere sell it. To prove its value, we will cheerfully send a Full \$2.00 Supply without charge.

We Can Help You Solve Some, Not All, of the High Cost of Living

Chemical analysis will show that MILK is one of the cheapest articles of food in the market. Our pasteurized Sweet Skimmed Milk or Butter-milk has two-thirds as much nourishment as whole Sweet Milk, so all you can use of these goods in your cooking or otherwise furnishes good, wholesome, muscle-making nourishment at less than one-half what it costs in many other kinds of food you are buying. Eggs, while a little more expensive, are a very prominent article of food, and we are in position to give you good value for your money. While we wouldn't want to be called a liar if you found one that was not quite as fresh as it ought to be, we are candling all our Eggs with an electrical device and it is very seldom that one not usable gets by our light. TRY THESE GOODS.

FARM TALK

You have a lot of things now to make the pigs thrive—small potatoes, apples, pumpkins, corn, etc., etc., and the way to cook these things is in a "Farmer's Boiler." Don't monopolize the kitchen stove, and then boiler because dinner isn't ready on time—a 50 gal. Boiler only costs \$12.50, and it will be useful for heating water when you come to dress these same pigs. Buy one of these Boilers, and you will wonder how you ever got along without it.

A Log on the Track

of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Hessemer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at the Red Cross Pharmacy.—Adv't.

REDMOND SAILS FOR HOME,

Brother of John Redmond Says Visit to America Has Been Most Successful.

New York, Oct. 11.—W. H. K. Redmond, member of British parliament and a brother of John Redmond, the Irish leader, left for home to-day on the steamship Celtic.

"Ireland will have home rule after the coming session of parliament," said Mr. Redmond. "The demonstrations here in America, for one thing, will have a great effect on the government, I have had a most successful visit."

CABOT.

John Lewis has sold his store at Lower Cabot to Glenn Burnham.

Chickenpox is prevalent among the children at lower village school.

J. C. Lewis has moved to the upper tenement in A. A. Hopkins' house.

Mr. and Mrs. George Hoyt started on Monday for a trip to Lowell, Mass., and other points, where they will visit with friends.

Miss Alice Livingston of Jaffrey, N. H., is visiting her cousin, Mrs. A. M. Holigon, and will accompany her aunt, Miss Ruth Livingston, back to Worcester, Mass.

The harvest supper at the Congregational vestry last Friday evening was a decided success, over 100 being present. The room was tastefully decorated with autumn leaves, vines and red berries. After a short program of recitations and music, the vegetables were disposed of by E. F. Smith at private sale. The proceeds of the supper and sale amounted to over \$20.

Rev. F. E. Currier of Danville was called to East Cabot last Sunday to officiate at the funeral of Charles Adams, whose sudden death after but four days' illness was caused by injuries received when thrown from his wagon in Danville, as he turned out for an auto to pass by.

Mrs. Harry Pike of Woodbury has been a guest at Miss Flora Atkins' two days.

Mr. and Mrs. George Houghton took Mrs. T. Morse and Mrs. overin Lyford in their auto to New Hampshire last Saturday, in response to a telegram announcing the serious illness of Mrs. Morse's sister.

Mr. and Mrs. James Glidden, Mr. and Mrs. Will Glidden, Mr. and Mrs. E. H. Clark of Barre, Mr. and Mrs. Billings of Stowe, Mrs. Betsey Utton, Frank Cutting and son, Mark, of Morrisville, Loren Adams and two sons, Leon and Charles, of Claremont, N. H., were in town Sunday to attend the funeral of Charles Adams at East Cabot.

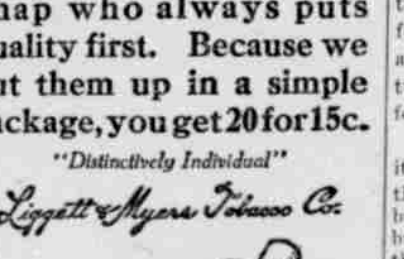

Saves Leg of Boy.

"It seemed that my 14-year-old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. "All remedies and doctors' treatment failed till we tried Ducken's Arnica Salve and cured him with one box." Cures burns, boils, skin eruptions, piles. 25c at the Red Cross Pharmacy.—Adv't.

YOU know who started the popularity of Fatima Cigarettes. It was the college man—the chap who always puts quality first. Because we put them up in a simple package, you get 20 for 15c.
